.

A candidate who is well-organized and reliable. Being able to successfully manage many objectives while keeping a strong work ethic and a good attitude is a valuable asset. Willingness to take on more duties in order to achieve team objectives. Full-time employment that provides professional challenges while leveraging interpersonal skills, good time management, and problem-solving abilities are sought and maintained.

EXPERIENCE

SEP 2021 – TO PRESENT
ASSISTANT STORE MANAGER, CANBE FOODS

- Controlled and proposed modifications to improve the efficiency of everyday operations, including the opening and closing routines. Analyzed and interpreted store trends to facilitate planning.
- Ensured that inventory counts stayed within monthly tolerance limits and that financial data was generated in accordance with budget requirements.

JAN 2021 – JULY 2021
JUNIOR SOFTWARE DEVELOPER, CYBAGE SOFTWARE PRIVATE LIMITED

- Collaborated with project managers to identify ambitiously, but realistic coding milestones for pre-release software project development in collaboration with project managers. Assisted in business acquisition efforts by designing customized solutions for proposals to potential customers.
- Participated in cross-functional projects while working in lean development environments.
- Designed and created interfaces that made overall management easier to handle and that were simple to use.
